

## Agreement on personal data processing

This Agreement on personal data processing and its annexes (hereinafter the “**Agreement**”) supplement the stipulations of the General Terms and Conditions of Sale and/or the Special Term and Conditions of Sale as well as the purchase order (together the “**Contract**”) applicable between KHING LTD and the CLIENT (such as stated on the purchase order, acting in its own name and on its own behalf or through the intermediary of an Agent in the name of and on behalf of the CLIENT) with regard to personal data processing operations carried out to perform the Contract. If there is a contradiction between the terms of the Contract and the terms of the Annex, the terms of the Annex take precedence. The Agreement applies throughout the term of the Contract; the stipulations of the Agreement, which due to their nature are intended to endure beyond the term of the Contract, remain applicable and retain their full effect.

### **1. Compliance with the Applicable Regulations**

Each of the Parties agrees to comply with the regulations in effect applicable in France relating to personal data protection and privacy, including in particular French Data Protection Act no. 78-17 of 6 January 1978 as well as General Data Protection Regulation 2016/679 of the European Parliament and Council of 27 April 2016 and any regulations applicable to cookies (hereinafter the “**Applicable Regulations**”) and to meet all of the obligations incumbent upon it under the Applicable Regulations.

For the purposes of the Agreement, the concepts of personal data, processing, controller, processor, personal data transfer and cookies have the meaning attributed to them by the Applicable Regulations.

### **2. Personal data processing by KHING LTD in the capacity of controller**

#### **2.1 Tracking**

##### **2.1.1 Description of processing carried out through Tracking**

KHING LTD has developed a proprietary Tracking technology, similar to a cookie, enabling:

(i) collection of a unique identifier (in the form of a series of alphanumeric characters) attributed to the internet user browsing the CLIENT’s website; and

(ii) raw browsing data such as:

- information relating to the internet user’s journey on the CLIENT’s website (pages originating from the Site of the Affiliate participating in the CLIENT’s Marketing Campaign, pages consulted on the CLIENT’s website, products searched for, shopping basket, etc.)
- information on the device used by the Internet user to browse the CLIENT’s website (type of device, operating system, version);
- the Internet user’s IP address used to connect in order to assess the Internet user’s geographical location.

These data in pseudonymised form are collected on behalf of KHING LTD , mainly from the Websites of the CLIENT and/or Affiliates participating in the CLIENT's Marketing Campaign for the purposes of billing based on Impressions, Clicks and Post-redirection and Post-impression Actions as well as adding to the browsing database created and operated by KHING LTD to analyse and segment audiences on the Websites with a view to providing its marketing strategy service.

However, when the CLIENT is the recipient of the Tracking data (in particular in the case of the TECHNOLOGIE T1 processing option), the CLIENT acknowledges that it is acting in the capacity or a subsequent controller of Tracking information and its combination by KHING LTD on the CLIENT's instruction, with any other personal data collected by or on behalf of the CLIENT and sent to KHING LTD . In such case, notwithstanding the above, the respective obligations of the Parties with regard to this subsequent processing are those set out in clause 3 below.

### 2.1.2 CLIENT's obligations

Before allowing the Tracking to place or read information on the Internet user's terminal, the CLIENT agrees to obtain the prior and informed consent of persons visiting the CLIENT's website, according to the Applicable Regulations, and agrees to implement an effective way of objecting to the Tracking. The CLIENT is also obligated to implement a way to enable the person affected to effectively withdraw his/her consent to the Tracking by means of a cookie manager and to deactivate the KHING LTD Tracking (unsubscribe link: <http://tracking.publicidees.com/resetCookies.php>)

The information provided beforehand to the Internet user must in particular expressly state the purposes of the Tracking, namely the collection of pseudonymised browsing data and their combination with other browsing data to display relevant advertising content and/or to validate marketing operations and bill accordingly, identify KHING LTD as the controller by referring the Internet user to the privacy policy of KHING LTD (<https://privacy.timeonegroup.com>) and specify that the data collected by the Tracking are stored for the duration of the Marketing Campaign in addition to a storage period of 24 months.

On expiry of the Tracking period, the CLIENT agrees to obtain again consent to the Tracking from Internet users browsing the CLIENT's Website under the same terms and conditions as before.

On request, the CLIENT agrees to provide KHING LTD with all the elements guaranteeing and showing compliance with its obligations (such as timestamping of actions undertaken and interactions of the Internet user on the CLIENT's Website).

If KHING LTD is audited by a supervisory authority with regard to all or part of the processing related to Tracking, the CLIENT agrees to cooperate actively with KHING LTD and, where necessary, with the supervisory authority when the CLIENT holds useful information, proof or documents to this effect.
